# FAMILY RESOURCE CENTERS

### What are Family Resource Centers?

Family Resource Centers provide a safe, accessible place for families to connect with comprehensive, coordinated services that help them strengthen their families and become more self-reliant. Programs at each center are tailored to the resources and needs of the community they serve and focus on building on the strengths of each family and individual. Family Resource Centers adhere to the Standards of Quality for Family Strengthening & Support.

CVCC Family Resource Centers offer a full range of family support services for the community of Chula Vista. Call the Family Resource Center near your home or your child's school for more information or to schedule an appointment.
