CVESD will not tolerate sexual harassment by anyone participating in any District program or activity. This includes student-to-student or peer sexual harassment as well as harassment between a student and any District participant. CVESD takes all complaints of sexual harassment seriously, investigates and addresses identified sexual harassment, and if the investigation results in the determination that sexual harassment has occurred, takes reasonable, immediate corrective action to stop the harassment, eliminate a hostile environment, and prevent future sexual harassment. Alleged pupil sexual harassment in violation of CVESD policy or federal or state law will be handled pursuant to District policy and procedures (See attachment B). A pupil in grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined below.

- d) Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

Districts are also required to display the policy in a prominent location and include it in an orientation for employees and students. These policies shall include information as to where to obtain specific procedures for reporting charges of sexual harassment and available remedies. The poster must meet the following requirements:

F. Harassment, Intimidation or Threats-EC 48900.4

A pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

G. Terroristic Threats Against School Officials, School Property or Both-EC 48900.7

A pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both. A "terroristic threat" includes any statement, whether

written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

Other means of correction may include: a conference between school personnel, the pupil's parent or guardian and the pupil; referrals to the school counselor or psychologist; study teams, guidance teams or other intervention-related teams that assess behavior and develop and implement behavior plans; referral for psycho-educational assessment; after-school programs that address specific behavioral issues; and community service on school grounds during non-school hours. A pupil may be suspended, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons. A suspension shall be preceded by an informal conference between the principal, the principal's designee or the district's superintendent of schools and the pupil, and whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At this conference, the pupil shall be informed of the reason for the disciplinary action and other means of correction that were attempted before the suspension, and the evidence against the pupil, and shall be given the opportunity to present their version and evidence in their defense.

RIGHTS AND OPTIONS AVAILABLE TO PREGNANT AND PARENTING PUPILS-EC 46015, 221.51, 222.5, 46015

A pregnant or parenting pupil is defined as any pupil who gives or expects to give birth, or any parenting pupil who identifies as the parent of an infant. Pregnant and parenting pupils are entitled to at least eight weeks of parental leave, which can be taken before birth of the pupil's infant if there is a medical necessity, or after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The pupil is neither required to take time off nor notify their school that they are doing so; this is a guaranteed minimum right that can be expanded if deemed medically necessary. Parental leave will be considered an excused absence, and the pregnant or parenting pupil is not required to complete any academic work during this period.

A pregnant or parenting pupil may return to their previous school and course of study, and is entitled to make up opportunities for any work missed during the leave. These students are allowed to enroll in a fifth year of high school in order to complete any state or local graduation requirements, except when the school finds that the pupil is reasonably able to complete these requirements in time to graduate high school by the end of their fourth year. A pregnant or parenting pupil who does not wish to reenroll in his or her previous school is entitled to alternative education options offered by the local education agency. If so enrolled, the pupil shall be given educational programs, activities, and courses equal to those they would have been in if participating in the regular program. Furthermore, a school may not penalize a student for using any of the accommodations mentioned above.

If a student believes that their school is discriminating on the basis of sex in opposition to the rights and entitlements listed above, that student can file a complaint through the standard Uniform Complaint Procedures of *California Code of Regulations*, Title 5 Sections 4600, et. seq.

CVESD may administer for pupils in grades 7 to 12 inclusive, anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex. A parent or guardian may excuse their child from the test, questionnaire, or survey by opting out of their student's participation in the tests, questionnaires or surveys. Prior to the instruction taking place, an opt-out form is sent

home to parents giving them the option to exclude their children. Parents or guardians have a right review the test, questionnaire, or survey if they wish.

The excused pupil shall not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

PUPIL NUTRITION-EC (IF CHARTER, 47613.5) 49510-49520; 49564-49564.5, 49557.5

Free or reduced-priced meals are available for pupils in receipt of public assistance. The federal National School Lunch Program and the federal School Breakfast Program ensure that pupils whose parents or guardians have unpaid school meal fees are not shamed, treated differently, or served a meal different from the pupil's choice because of the fact that the pupil's parent or guardian has unpaid meal fees. Meal program details are provided at the pupil's school site. All parents and guardians receive a letter with the application form upon enrollment. Charter schools must also comply with these rules pursuant to EC 47613.5 and their respective chartering authorities must also provide technical assistance in implementing this law.

To apply for free or reduced-price meals, households must fill out the application and return it to the school. Forms are available at the school or can be completed on-line at <https://www.schoolcafe.com/CHULAVISTAESD>

RIGHT TO REFRAIN FROM HARMFUL USE OF ANIMALS-EC 32255-32255.6

Pupils may choose to refrain from participating in educational projects involving the harmful or destructive use of animals based on moral objections and may complete an alternative educational project acceptable to the teacher. In order to refrain from participation, a parent or guardian must submit a written note of the objections to participating in an educational project involving the harmful or destructive use of animals.

IMMUNIZATION AND COMMUNICABLE DISEASES-EC 48216, 49403

CVESD shall follow all laws, rules, and regulations regarding immunizations required for students to enroll. CVESD shall not admit any student until the student is properly immunized as required by law. If there is good cause to believe a student has been exposed to a disease and his or her proof of immunization does not show proof of immunization against that disease, CVESD may temporarily exclude the child from school until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

Students in a home-based private school and students enrolled in an independent study program who do not receive classroom-based instruction may still attend school without specified immunizations.

If the parent or guardian files with the governing authority a written statement by a licensed physician to the effect that the physical condition of the child is such, or medical circumstances relating to the child are such, that immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances, including, but not limited to, family medical history, for which the physician does not recommend immunization, that child shall be exempt from the immunization requirements.

Effective January 1, 2016: The California Legislature eliminated the exemption from specified immunization requirements based upon personal beliefs. A pupil who, prior to January 1, 2016, submitted a letter or affidavit on file with CVESD stating beliefs opposed to immunization shall be allowed enrollment to any District school until the pupil enrolls in the next grade span. Grade span means (1) from birth to preschool; (2) Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten; and (3) grades 7 to 12 inclusive. A pupil who, prior to January, 2016, submitted a letter or affidavit on file at a private or public elementary or secondary school, child day care center, day nursery, nursery school, family day care home, or development center stating beliefs opposed to immunization shall be allowed enrollment to any private or public elementary or secondary school, child day nursery, nursery school, family day care home, or development center within the state until the pupil enrolls in the next grade span. Grade span means (1) from birth to preschool; (2) Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten; and (3) grades 7 to 12 inclusive.

Use of Standardized Medical Exemption Form

The California Department of Public Health is required to develop and make available for use by licensed physicians and surgeons and electronic, standardized, statewide medical exemption request form that would be transmitted using the California Immunization Registry and would be the only documentation of a medical exemption that a school may accept. At minimum, the medical exemption form must require all of the following:

1. The name, California medical license number, business address, and telephone number of the physician and surgeon who issue the medical exemption, and of the primary care; physician of the child, if different from the physician who issued the medical exemption;
2. The name of the child for whom the exemption is sought, the name and address of child's parent or guardian, and the name and address of the child's school or other institution;
3. A statement certifying that the physician has conducted a physical examination and evaluation of the child consistent with the relevant standard of care and complied with all applicable requirements of this law;
4. Whether the physician who issued the medical exemption is the child's primary care physician. If the issuing physician is not the child's primary care physician, the issuing physician shall also provide an explanation as to why the issuing physician and not the primary care physician is filling out the medical exemption form;
5. How long the physician has been treating the child;
6. A description of the medical basis for which the exemption for each individual immunization is sought. Each specific immunization shall be listed separately and space on the form shall be provided to allow for the inclusion of descriptive information for each immunization for which the exemption is sought;
7. Whether the medical exemption is permanent or temporary, including the date upon which a temporary medical exemption will expire. A temporary exemption shall not exceed one year. All medical exemptions shall not extend beyond the grade span, as defined by H&SC 120370;
8. An authorization for the department to contact the issuing physician for purposes of this law and for the release of records related to the medical exemption to the department, the Medical Board of California, and the Osteopathic Medical Board of California; and
9. A certification by the issuing physician that the statements and information contained in the form are true, accurate, and complete.

Requirement of Physicians and Surgeons to Provide Notice to Parents

If a parent or guardian requests a licensed physician and surgeon to submit a medical exemption for the parent's or guardian's child, the physician and surgeon shall inform the parent or guardian of the requirements set forth above. If the parent or guardian consents, the physician and surgeon shall examine the child and submit a completed medical exemption certification from to the State Department of Public Health.

Requirement by Schools to Submit Annual Reports on Immunization Status to the State

The governing board of a school district must file a written report on the immunization status of new students to the school with the State Department of Public Health and the local health department at times and on forms prescribed by the State Department of Public Health. These reports are required to be filed on at least an annual basis.

State's Review of Medical Exemptions

Requires the State Department of Public Health to annually review immunization reports from schools to identify schools with an overall immunization rate of less than 95%, physicians and surgeons who submitted 5 or more medical exemption forms in one calendar year, and schools and institutions that do not report immunization rates to the department. A clinically trained department staff member who is a physician and surgeon or registered nurse is required to review all medical exemption forms submitted meeting those conditions. Medical exemptions issued prior to January 1, 2020, will not be revoked unless the exemption was issued by a physician or surgeon that has been subject to disciplinary action by the Medical Board of California or the Osteopathic Medical Board of California.

Appeal Rights

A parent or guardian may appeal a medical exemption denial or revocation to the Secretary of California Health and Human Services. The appeal is to be conducted by an independent expert review panel of licensed physicians and surgeons, who are required to evaluate appeals consistent with specified guidelines and to submit its decision to the Secretary. The Secretary is required to adopt the determination of the independent expert review panel and promptly issue a written decision to the child's parent or guardian. This final decision is not subject to further administrative review. The student who is appealing a medical exemption revocation may continue school attendance without being required to commence the immunization schedule required for conditional admittance, so long as the appeal is filed within 30 calendar days of the revocation.

A parent or guardian may, by written statement filed annually, refuse to consent to the physical examination, including the vision, hearing and scoliosis screening, of his/her child; however, a child may be sent home if, for good reasons, the child is believed to be suffering from a recognized contagious or infectious disease. Schoolchildren are examined for vision, hearing, and curvature of the spine at selected grade levels.

Whenever there is good reason to believe the child is suffering from a recognized contagious or infectious disease, the child will be excluded from school attendance and is not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist. The notifications should include approximate dates during the school year when any non-emergency, physical examination or screening is scheduled, or expected to be scheduled, that is 1) required as a condition of attendance; 2) administered by the school; and 3) is not necessary to protect the immediate health and safety of the pupil or other pupils.

Pursuant to Section 49455 of the Education Code, CVESD is required to appraise each student's vision during kindergarten, upon initial enrollment, and in grades 2, 5, and 8. A student who first enrolls or enters the district in grade 4 or 7 will not be required to take the sight test in the year immediately following the student's enrollment or entry date. Additionally, CVESD may provide for the screening of every female student in grade 7 and every male student in grade 8 for the condition known as scoliosis.

CHILD HEALTH AND DISABILITIES PREVENTION PROGRAM-HSC 124085, 124105

Before a child enters first grade, their parents must obtain a waiver or health screening for the child and complete the provided certificate or sign a waiver. The screening should take place before (within the prior 6 months) or during the kindergarten year. Parents are encouraged to obtain health screening simultaneously with required immunizations. Parents may inquire in the school office about free health screenings for low-income children provided under the Child Health and Disabilities Prevention Program.

A first-grade pupil who has not provided either a certificate or a waiver on or before the 90th day after the pupil's entrance into the first grade must be excluded from school for up to five days based on the failure to comply or sign a waiver. School districts may exempt any pupil from the exclusion if, at least twice between the first day and the 90th day after the pupil's entrance into the first grade, DISTRICT has contacted the pupil's parent or guardian and the parent or guardian refuses to provide either a certificate or a waiver as specified in Section 124085. Parents or guardians are entitled to notification of the availability of free health screenings through the local health department.

- (D) The pupil's or the education rights holder's, as applicable, option to allow the pupil to defer or decline the diploma and take additional coursework pursuant to paragraph (2) of subdivision (b) or subdivision (c) of EC 48645.7.

A pupil in foster care who is placed in a licensed children's institution or foster family home shall attend programs operated by the local educational agency in which that licensed children's institution or foster family home is located, unless one of the following applies:

1. The pupil is entitled to remain in their school of origin;
2. The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school, or in another local educational agency.
3. The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 (“educational rights holder”), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the local educational agency that they have made that determination. This statement

shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:

- a. The pupil has a right to attend a regular public school in the least restrictive environment.
- b. The alternate education program is a special education program, if applicable.
- c. The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.
- d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.

The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the pupil in foster care in a juvenile court school, a community school, or another alternative educational setting.

A pupil in foster care may still be subject to expulsion under applicable law and board policy.

Pupils in foster care are subject to other laws governing the educational placement in a juvenile court school, of a pupil detained in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, notwithstanding the rights contained in this notice.

Children in foster care living in emergency shelters (as referenced in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11301 et seq.)), may receive educational services at the emergency shelter as necessary for short periods of time for either of the following reasons:

1. For health and safety emergencies.
2. To provide temporary, special, and supplementary services to meet the child's unique needs if a decision regarding whether it is in the child's best interests to attend the school of origin cannot be made promptly, it is not practical to transport the child to the school of origin, and the child would otherwise not receive educational services.

The educational services may be provided at the shelter pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

CVESD's liaison for pupils in foster care is the Senior Director of Student, Family, Community and Instruction Services and Support, 84 East J Street, Chula Vista, CA, (619) 425-9600, Ext. 181507. The role of educational liaison is advisory with respect to placement decisions and determination of school of origin and does not supersede the role of the parent or guardian retaining educational rights, a responsible adult appointed by the court, a surrogate parent or a foster parent exercising their legal rights with respect to the education of the child in foster care. The educational liaison serves the following roles:

1. Ensures and facilitates proper educational placement, enrollment in school, and checkout from school for children in foster care;

2. Assists children in foster care when transferring from one school to another school or from one school district to another school district in ensuring proper transfer of credits, records and grades.
3. When designated by the Superintendent, notifies a child in foster care's attorney and child welfare agency representative(s) of pending disciplinary proceedings and pending manifestation determination proceedings if they are also eligible to receive special education and related services under the IDEA.

At the initial detention or placement by the Juvenile Court, or any subsequent change in placement of a child in foster care by the Court, the local educational agency serving the child shall allow them to continue their education in the school of origin for the duration of the jurisdiction of the court. If the jurisdiction of the court is terminated prior to the end of the academic year:

1. Former children in foster care in grades kindergarten, or 1 to 8, inclusive, shall be allowed to continue their education in the school of origin through the duration of the academic year;
2. Former children in foster care in high school shall be allowed to continue their education in the school of origin through graduation;
3. Transportation is not required unless the former child in foster care has an IEP and the IEP team determines transportation is a necessary related service, required by the unique educational needs of the pupil in order to benefit from their special education program. Transportation may be provided at the local educational agency's discretion. The rights of those youth do not supersede any other law governing special education for eligible children in foster care.
4. To ensure that the children in foster care have the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts, if a child in foster care is transitioning between school grade levels, they shall be allowed to continue in the school district of origin in the same attendance area, or, if they are transitioning to a middle school or high school, and the school designated for matriculation is in another school district, to the school designated for matriculation in that school district.

Juvenile court school students continue to have the right to a diploma upon completion of state graduation requirements. Students have the additional right to defer the granting of that diploma until release, at which time they can also decline the issuance of a diploma for the purpose of re-enrolling in their home school for further study. When a juvenile court school student becomes entitled to a diploma for meeting state graduation requirements, the County Office of Education must provide the student (or the educational rights holder if the student is not yet 18) and the student's social worker or probation officer information regarding of the following:

The student's right to a diploma;

How taking coursework and other requirements adopted by the COE or continuing education upon release will affect the student's ability to gain college admission;

Transfer opportunities available through California community colleges; and

The student's or the education rights holder's option to allow the student to defer or decline the diploma and take additional coursework.

In consultation with the child in foster care and educational rights holder, the educational liaison may recommend that they waive their right to attend the school of origin and enroll in a public school within their attendance area. The educational liaison's recommendation must be accompanied by a written explanation for the basis of the recommendation and how it serves the child in foster care's best interests.

1. If the educational liaison, child in foster care, and educational rights holder agree it is in the best interest of the child to waive their right to attend the school of origin and attend the recommended school, the child in foster care shall immediately be enrolled within the recommended school.
2. The recommended school shall immediately enroll the child in foster care regardless of any outstanding fees, fines, textbooks or moneys due to any previous schools of attendance or if the child in foster care is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including proof of immunization, proof of residency or other documentation.
3. Within two business days of the request for enrollment, the educational liaison for the new school shall contact the school last attended by the child in foster care to obtain all academic and other records. The last school attended by the child in foster care shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. The educational liaison for the school last attended shall provide a complete copy of their education record to the new school within two business days of receiving the request.

If any dispute arises as to the school placement of a pupil under this section, the pupil has the right to remain in their school of origin, pending resolution of the dispute.

“School of origin” means the school that the child in foster care attended when permanently housed or the school in which the child in foster care was last enrolled. If the school the child in foster care attended when permanently housed is different from the school in which they were last enrolled, or if there is some other school that they attended with which they are connected and that they attended within the immediately preceding 15 months, the educational liaison, in consultation with, and with the agreement of, the child and the educational rights holder, shall determine, in the best interests of the child, the school that shall be deemed the school of origin.

If the child in foster care is absent from school due to a decision by a court or placing agency to change their placement, the grades and credits of the child in foster care will be calculated as of the date they left school and no lowering of grades will occur as a result of the absence of the child under these circumstances. If the child in foster care is absent from school due to a verified court appearance or related court ordered activity, no lowering of their grades will occur as a result of the absence of the pupil under these circumstances.

A child in foster or a pupil who is a homeless youth who transfers between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that they are reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child’s transfer into a school, the local educational agency should determine whether a child in foster care or a pupil who is a homeless youth is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of their option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.

3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

If the local educational agency fails to provide timely notice of the exemption, the pupil shall be eligible for the exemption, once notified, even if that notification occurs after the termination of the court's jurisdiction of the pupil or after the pupil is no longer considered homeless.

If a child in foster care or a pupil who is a homeless youth is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of their fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of their fourth year of high school, nor shall they be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child in foster care or pupil who is a homeless youth is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after termination of the court's jurisdiction or after the pupil is no longer considered homeless.

A transfer shall not be requested solely to qualify for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a child in foster care or a pupil who is a homeless youth while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child in foster care or pupil who is a homeless youth to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child in foster care or pupil who is a homeless youth shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

CHILDREN OF MILITARY FAMILIES AND OTHER PROTECTED PUPILS–EC 49700-49703, 51225.1, 51225.2

Children of military families who transfer between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that the child of a military family is reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child of a military family’s transfer into a school, the local educational agency should determine whether the child of a military family is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of his or her option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency’s graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the school district shall notify the pupil and the pupil’s parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption. If the District fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of “a child of a military family.”

If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the child of a military family be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no

longer meets the definition of “a child of a military family” while the pupil is enrolled in school or if the pupil transfers to another school or school district.

A school district shall not require and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are homeless, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a).

NOTICE OF ALTERNATIVE SCHOOLS-EC 58501

“California State law authorizes all school districts to provide for alternative schools. The Education Code defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- Recognize that the best learning takes place when the student learns because of his desire to learn.

These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the *County Superintendent of Schools, the administrative office of this district, and the principal's office in each*

attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of district to establish alternative school programs in each district.”

A copy of the notice shall also be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

BOARD POLICY 5145.7 – SEXUAL HARASSMENT

The Chula Vista Elementary School District recognizes that harassment on the basis of sex is a violation of both federal and state anti-discrimination laws. The District expects that all students will have a learning environment free from sexual harassment or the threat of sexual harassment. Sexual harassment will not be tolerated toward students by students or by adults at school or during school-related, or school-sponsored activities.

Teachers shall inform students in age-appropriate ways of what sexual harassment is, that they do not have to endure it, and that it will not be tolerated. Teachers shall also inform students of the District's procedure for investigating complaints.

If any student perceives comments, gestures, or actions, from any other student or adult during school-related or school-sponsored activities to be sexual harassment, the student is encouraged, but not required, to inform directly the person engaging in such conduct that such conduct is offensive and must stop. School staffs who are aware, or who become aware, of sexual harassment or any allegations of sexual harassment shall inform the principal or a District Compliance Officer. The principal or a District Compliance Officer shall take immediate steps to investigate any complaints of sexual harassment in a manner that respects the privacy of all parties concerned to the extent practicable.

4. A clear message that student safety is the District's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved.
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students.
6. Information about the District's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made.
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the District investigation of a sexual harassment complaint continues.

You can find more information regarding these pesticides and pesticide use reduction at the Department of Pesticide Regulation's Web site at <http://www.cdpr.ca.gov>

As parent or guardian, you have the right to request 72-hour notification prior to application. Signs are required to be posted 24 hours prior to pesticide applications and will remain on site until 72 hours after application.

If you wish to be notified, please complete the bottom portion of this letter and **return to your child's school**. The District Grounds Manager will notify the school of exact date and time prior to each application of pesticides/herbicides. At that time, if you are registered to receive notification, the school will call or send a note home. No regular spraying schedule is followed. Spraying is only done when absolutely necessary.

A copy of the Healthy Schools Act of 2000, Material Safety Data Sheets, and sample copies of notification letters are available at each school site.

NOTIFICATION OF PESTICIDE PRODUCTS

Information Sheet for Parents Regarding AB 2260, the Healthy Schools Act of 2000, which enacted California Education Code § 48980.3.

In September 2000, Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). This law requires schools to notify parents and school employees about pesticides used in their schools and requires the Department of Pesticide Regulation to promote the voluntary adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law took effect January 1, 2001. Each school district is to implement the following requirements of the law:

- Notification of all pesticide products the school district expects to use on school grounds must be sent annually to parents or guardians of all students. These products include over-the-counter pesticides available at retail outlets, but do not include certain products exempted under the law. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information. Visit DPR's website at <http://www.cdpr.ca.gov> and click on School IPM Program.
- Each school will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.
- Each school district will ensure that warning notices are posted in areas where pesticides will be applied. These signs will be posted 24 hours in advance and 72 hours after application of pesticides and will contain information as specified in the law.
- Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

For more information, contact the District Grounds Manager (619) 425-9600, extension 1424.

BLACK WIDOW SPIDER INFORMATION

The Chula Vista Elementary School District encourages you to speak with your child about avoiding contact with black widow spiders both at home and on school sites.

Black Widow

The adult female Black Widow spider has a shiny, black, round abdomen with two connected red triangles on the underside that form an hourglass figure. Adult females are about ½ inch long, not including the legs. Adult male Black Widow spiders are harmless, and about half the size of females. The male's abdomen usually has red spots and white lines or bars.

How to avoid spider bites

- Wear shoes outdoors.
- Do not put your hands in holes, under furniture and in woodpiles where you cannot see them.
- Shake out clothing, towels, shoes, gloves and boots before each use.
- Use caution when using outdoor toilets, as they are favorite places for spider to hide.

Symptoms of a Black Widow spider bite

The initial pain from a spider bite can cause an intense and burning sensation. Common symptoms include:

- Sweating
- Nausea
- Rapid heartbeat
- Muscle spasms
- Blurred vision
- Trouble Breathing and swallowing

Children under the age of 6, people over the age of 60, and people at risk for cardiovascular disease are at risk of having problems from a poisonous spider bite. Some people may also have allergic reactions that can cause circulatory failure. To see if they are going to have an allergic reaction, they may be kept under observation for 24 hours.

For more information on spiders or other vectors contact: (858) 694-2888 or vector@sdcounty.ca.gov.

Annual Notice of Physical Education Requirements

Chula Vista Elementary School District focuses on providing the highest quality educational experience for all students. Included in that is a high quality physical education (P.E.) program in our schools. As per California Education Code 51210(g), first through sixth grade teachers are required to teach 200 minutes of physical education over 10 instructional days. It is at the discretion of the school as to how and when these minutes are distributed over this time frame. We are providing this notice to inform parents/guardians that, if they have questions regarding P.E. minutes, they should first contact their child's teacher or principal. If they are not satisfied with the school's response, they may contact the Office of the Assistant Superintendent of Innovation and Instruction at 619-425-9600 x181462. If there is an interest in filing a formal complaint with the district regarding P.E. minutes of instruction, parents are to use the CVESD Uniform Complaint Procedure Form, which can be accessed by going to <http://bit.ly/2JyJJwK> You may also request a copy of this form in your school's main office.
