S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify restricted programs and amount of contribution for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

Explanation:

(required if NOT met)

The increase in the contribution amount for 2022-23 is outside the standard range due primarily to the salary increases with all bargaining units, which increased Special Education costs. Additionally, increased costs are budgeted due to growth in special education student services. Also, the contribution in the Routine Restricted Maintenance Account was increased to meet the required 3% contribution.

1b. MET - Projected transfers in have not changed by more than the standard for the budget and two subsequent fiscal years.

Explanation:

(required if NOT met)

- 1c. MET - Projected transfers out have not changed by more than the standard for the budget and two subsequent fiscal years.

Explanation:

- 1d. NO - There are no capital projects that may impact the general fund operational budget.

S6B. Comparison of the District's Annual Payments to Prior Year Annual Payment

DATA ENTRY: Enter an explanation if Yes.

- 1a. Yes - Annual payments for long-term commitments have increased in one or more of the budget or two subsequent fiscal years. Explain how the increase in annual payments will be funded.

Explanation:
(required if Yes to increase in total annual payments)

The debt service payments for the 2020 GO Bond issued in August 2020 accounts for a majority of the increase in total annual GO Bond payments for 2021-22 and 2022-23. On August 1, 2023 the 2019 GO Bond Anticipation Note will mature and \$63.8 million will be paid. In December 2021 the District issued \$60 million in Certificates of Participation, with the first debt service payment scheduled for February 2022. The debt service payments for the 2021 Certificates of Participation account for a majority of the increase in total annual payments in COPs for 2022-23.

S6C. Identification of Decreases to Funding Sources Used to Pay Long-term Commitments

DATA ENTRY: Click the appropriate Yes or No button in item 1; if Yes, an explanation is required in item 2.

1. Will funding sources used to pay long-term commitments decrease or expire prior to the end of the commitment period, or are they one-time sources?

No

2. No - Funding sources will not decrease or expire prior to the end of the commitment period, and one-time funds are not being used for long-term commitment annual payments.

Explanation:

The District provides post-employment health care benefits to all employees who retire from the District on or after turning 55, with at least 10 years of service (5 years for certificated employees hired prior to October 1, 2007). The District participates in several partially-experienced rated insurance products for its health coverage. Effective January 1, 2022, the health benefits contribution increased to \$7,500 for represented and non-represented certificated employees. For classified employees and other non-represented classified employees who had health benefits as of September 18, 2007, the maximum is based on age and year of service at retirement, with the highest amount being \$8,009 per year. For classified employees who were hired or became benefit eligible after September 18, 2007, effective January 1, 2022, the annual maximum is \$7,500. The retiree pays for any amount above the annual maximum and for the cost of covering dependents. Benefits cease for all retirees at age 65. The District fully funds the OPEB liability through a trust account with the CalPERS CERBT.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
