

Chula Vista Elementary School District

# Attend Today Unlock Tomorrow

We are celebrating Attendance Awareness Month in the Chula Vista Elementary School District for September! Did you know that every day counts for students and is required by law (CA Ed Code 48200)? Every day is a stepping stone and a chance for students to pave their way toward success, one day at a time.

## What You Can Do

- Ensure your child comes to school well-rested with a good night's sleep.
- Allow plenty of time to get ready, get out the door, and transition to school.
- Have clothes, shoes, and homework ready the night before school.
- Bring doctor's notes to the school office the day after an appointment or absence.
- Talk with the teacher or principal if your child is concerned about attending school.
- Respond to school messages about your child's attendance.

**With your partnership, we can ensure that each day  
unlocks a brighter, more promising tomorrow  
for every student.**
