2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Vision: Students of Greg Rogers Elementary School will be prepared, productive, literate, critical thinkers who contribute to a global society in the 21st Century.

Focus: Rogers Instructional Focus is teacher clarity. When teachers are clear about what students are learning and how they can be successful in learning it student learning can reach its full potential. Rogers is focused on increasing achievement for its English Language Learners through daily designated English Language Development instruction.

Greg Rogers School is a unique campus that serves both general education students and students with disabilities. There are approximately 370 preschool through 6th-grade students currently enrolled at this site. The special education population consists of approximately 150 students ranging from students with learning disabilities to students with multiple disabilities. Services are also provided for a state-funded preschool program. Housed at Greg Rogers is California Children Services for occupational and physical therapy, Parent Intervention Program(PIP), and the Occupational Therapy program. All students at Rogers Elementary are held to the highest academic standards and all teachers have high expectations for student achievement. At Rogers, we believe Once a Pirate Always a Pirate and we practice Pirate P.R.I.D.E in many ways. Pride stands for Practicing Procedures, being Respectful, being Inclusive, being Dependable and Aiming for Excellence.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Chula Vista Elementary School District follows the State’s curriculum cycle to adopt updated, high quality textbooks and related materials. The evaluation and adoption of textbooks and instructional materials is based on recommendations by committees of our District’s school staffs and community members.

Students are provided with an adequate supply of Board-approved textbooks for all subject areas. The reading/language arts and mathematics curricula are aligned with California Common Core Standards.. All of our students have access to textbooks and supportive instructional materials in all core subjects, which are in good condition. Core materials are available in both English and Spanish. An inventory of books is warehoused centrally for growth needs at the schools.

The District’s vision is to prepare students to succeed in the 21st Century and is committed to providing students with 21st century tools, and the necessary infrastructure to support said tools. The District and school have also invested in software applications to assist with formative and summative assessments, literacy skills, mathematics and language acquisition. In addition, teachers are integrating technology tools to facilitate day to day tasks such as attendance, report cards, electronic communication, and research.

School Facility Conditions and Planned Improvements

Greg Rogers (East) was built in 1962 and Greg Rogers (West) in 1963. We were remodeled in the summer of 2004 with a completion date of September 2004. There are 35 classes serving our students' educational needs. The school has an administrative wing of offices, a multipurpose room, kitchen, adaptive physical education room, a sensory room, and a therapeutic swimming pool.

Classroom space at our school is adequate to support our school's current enrollment. The District maintains a planned program, which ensures routine maintenance functions are performed on a scheduled basis. Custodial staff performs basic cleaning operations daily. None of the eight emergency facilities needs specified in Education Code Section 17592.72 (c)(1) exist at our school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Contact Person: Principal Lizcett Porras Phone Number: 619-656-2082

Research shows a high correlation between parent involvement and effective schools. Greg Rogers School has an active Parent-Teacher Association (PTA), which sponsors many projects for the benefit and welfare of the children.

The School Site Council plays an integral part in the programs and activities of the school by providing direction to staff on most site decisions and on the School Site Plan. All students are encouraged to contribute to their community and their school, thus our Student Council participates in fundraising activities such as Jump Rope For Heart, food drives and toy collections.

During the school year, a series of workshops are offered to parents through training opportunities and through our English Learner Advisory Committee meetings that included sessions on Social Emotional Learning, Positive Behaviors and Supports, and state and local measures testing information. To address the Wellness Policy the school holds Special Olympics on a yearly basis. Parents, students, and community volunteers participate in activities geared towards a healthy, active lifestyle for all.

2023-24 School Safety Plan

Student safety and well-being are promoted by activities including emergency and earthquake preparedness drills, bus evacuation drills, playground supervision, bullying prevention week, restorative practices, Peace Patrol, School Safety Patrol, and Positive Behavior Interventions and Supports. We practice procedures for each location on campus to ensure a safe campus for all. Our school safety committee has created an effective plan to address the four pillars of safety. In addition procedures for dismissal and drop off, lunch, social distancing, and hygiene were created to ensure safety for all. The Safety Plan was approved in December, 2023 by our Site Council. The Board of Education approval date for the CSSP is January 17, 2024.

Professional Development

Staff members at Greg Rogers understand the importance of quality instruction. Grade-level collaboration meetings and professional development assist teachers in coordinating instructional strategies to maximize effectiveness. Professional Development is also obtained through Professional Learning Cycles where teachers go through a cycle of training, safe practice, peer observation, and revision. At Rogers, we are implementing, Wilda Storm writing strategies across all grade levels. This is a solid research-based program providing many common core instructional strategies. Wilda in conjunction with the district-adopted curriculum provides balanced literacy and increases overall school performance for all students. Based on the analysis of our data, our Instructional Leadership Team determined that our focus for professional development would be on Visible Learning including teacher clarity, and Collaborative Conversations. We are also continuing our learning this year around Social Emotional Learning. Professional development is provided in many ways including during teacher collaboration, staff development days/times, and sometimes off-site. Implementation of professional development is supported by in-class coaching, peer observations within the professional learning cycle, and walkthroughs.

This table displays the number of school days dedicated to staff development and continuous improvement.
