

## What is the Local Control Funding Formula?

The Local Control Funding Formula (LCFF) includes a base, supplemental, and concentration grant. Part of LCFF is the requirement for school districts to create an annual Local Control and Accountability Plan (LCAP) that:

**Lists Goals**

**Defines Outcomes**

**Details Actions**

**Tracks Expenditures**

### What is LCAP?

The LCAP is a three-year plan that outlines how the district plans to meet our students' needs, such as low-income students, English language learners, and foster youth.

### LCAP is Used To

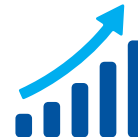

**Set Goals**

**Plan Actions**

**Budget Expenditures**

**Review Progress**

LCAP is essential for increasing transparency and accountability in education and ensuring all students have the resources and support they need to succeed.

### State Priorities and Metrics

School districts must report, at minimum, the eight priorities and 26 metrics specified by the State of California, which include conditions of learning, engagement, and pupil outcome.

### How does everyone benefit?

**Transparency**

**Accountability**

**Engagement**
