School Description

Description

Chula Vista Learning Community Charter School opened in September 1998. The school serves a student population from Transitional Kindergarten to High School.

Vision:

The Chula Vista Learning Community Charter School believes in the full potential of each individual to act with integrity and to create their own knowledge.

Mission:

Students are respected as intellectuals as they develop their individual authentic self. Our robust academic program is focused on expanding language, developing core ethics, and building knowledge across content areas.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

The Chula Vista Elementary School District follows the State's curriculum cycle to adopt updated, high quality textbooks and related materials. The evaluation and adoption of textbooks and instructional materials is based on recommendations by committees of our District's school staffs and community members.

Students are provided with an adequate supply of Board-approved textbooks for all subject areas. The reading/language arts and mathematics curricula are aligned with California Common Core Standards.. All of our students have access to textbooks and supportive instructional materials in all core subjects, which are in good condition. Core materials are available in both English and Spanish. An inventory of books is warehoused centrally for growth needs at the schools.

The District's vision is to prepare students to succeed in the 21st Century and is committed to providing students with 21st century tools, and the necessary infrastructure to support said tools. The District also invested in software applications to assist with formative and summative assessments, literacy skills, mathematics and language acquisition. In addition, teachers are integrating technology tools to facilitate day to day tasks such as attendance, report cards and electronic communication.

School Facility Conditions and Planned Improvements (Most Recent Year)

Classroom space at CVLCC is adequate to support our school's current enrollment. The District maintains a planned program, which ensures routine maintenance functions are performed on a scheduled basis. CVLCC's custodial staff performs basic cleaning operations daily.

All students are supervised at the beginning of the school day by a noon-duty supervisor, parent volunteers, and the director. At dismissal time, teachers dismiss students according to parent preference: walk home, YMCA, after school program, and parent pick-up. Remaining students are walked to traffic pattern by their teacher and are dismissed accordingly.

Safety procedures that are currently being implemented:

- Any person entering campus after scheduled start times must report to the office and receive a visitor's pass.
- An authorized adult through the office must check out students leaving campus during school hours.
- A school-wide discipline plan is annually reviewed and individual classroom discipline procedures are discussed with parents during Curriculum Nights.
- All students wear uniforms to school.
- All teaching and support staff consistently monitor classrooms in order to maintain a safe environment conducive to learning.
- Classrooms are earthquake ready
- Air conditioning and heating equipment has been installed to make the classroom environment pleasant for learning.
- Maintenance requests are reported immediately, prioritized and acted upon in a timely manner.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

^{*} Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Parents play a very important role at the Chula Vista Learning Community Charter School. We believe: "When parents, students, teachers and community partners work together, they make a difference in a child's educational career."

We take pride in learning through the expertise parents bring to our school. We value their commitment to our students, as well as our school vision.

Research shows a high correlation between parent involvement and effective schools. We encourage parents to become actively involved in our school. We have Parent Information Nights to keep parents informed about assessment, curriculum and instruction and we provide parents with ways in which they can become partners with us in the education of their children.

We encourage parents to read to their children at home, provide cultural activities, and attend school functions with their children. Please call 934-4488 if you wish to become involved in school activities, as well as be directed to the appropriate school. English and Spanish translation is available.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- · Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Student safety and well-being is promoted by activities, including emergency and earthquake preparedness drills, bus evacuation drills, playground supervision, drug and alcohol abuse prevention education programs, child abuse awareness, Bullying Prevention Program, a program directed toward gang suppression. The School Safety Plan is reviewed annually during the CVLC Charter Board Meetings. Parents have the opportunity to suggest and/or comment on the current plan. In the August 28, 2017 Charter Board Meeting, stakeholders were invited to participate in the process of reviewing the School Safe Plan. Further communication was disseminated via school messenger on September 10, 2017, webpage on September 1, 2017 and Jupiter Grades on September 11, 2017. A presentation of the School Safe Plan was presented to the community on September 11, 2017 and approved by the Charter Board on the same date. Copies of the School Safe Plan for each school site location are available at the school office.

Professional Development provided for Teachers

Each year, targeted professional improvement activities are provided for teachers, instructional aides, and other employees. Activities reflect the school's goals and objectives and are part of our Local Educational Agency (LEA) Plan. Staff development topics include:

Understanding by Design Model (meta-cognition); Direct instruction on the delivery of content and language objectives; Observation Protocols; Integration of writing to improve school wide focus on literacy; All new teachers receive the two-day GLAD (Guided Language Acquisition Development) training; Since 2011, the Inquiry Model has been implemented to address the Common Core. In 2015-16, teachers will continue processing the inquiry model as well as additional instructional strategies to improve student learning. The Professional Development will continue to focus on Professional Learning Communities (PLCs). Teachers receive feedback through instructional walkthroughs given by administration and consultants. Gifted and Talented Education Certification is offered to all new teachers to CVLCC at the beginning of each academic school year. The Understanding by Design templates are utilized for teachers to integrate common core state standards and focus on learning objectives with the end in mind.

Teachers continue to work on improving instructional units based on student data. Instructional units focus on grade level common core standards to further support targeted achievement goals. Through planned professional development days, teachers collaborate with others in sharing teaching strategies that promote positive student outcomes. The implementation of instructional rounds allows for the teaching community to develop a collaborative learning environment and improve student learning.

Types of Services Funded

CVLCC's After School Program: Programs at CVLCC target levels of inquiry, skills and metacognition. Goal for the programs are to foster the ARTS, INNOVATION and skills of the 21st century.

CVLCC's Reading Intervention: Instructional support provided during English Language Arts, Spanish Language Arts, and Mathematics for all Emergent Bilinguals

CVLCC's MicroSociety® Program is the only student-based whole school reform effort of its kind. This research-based education program transforms classrooms by providing a real world context for academic learning. Students collaborate with parents, business volunteers, and teachers to create functioning small communities. Traditional academic subjects are studied in the morning and then applied to "on the job" program activities. Students spend 45 minutes or one class period each day in their jobs where they learn to run businesses, apply technology, develop government and social agencies, and create cultural/arts organizations. Gradually, students become immersed in the realities of a free-market economy, replete with taxes, property concerns, income issues, and politics. MicroSociety® enables teachers to answer two persistent questions students ask: "Why do I need to know this?" and "How do I fit in?"

CVLCC Internships: Students in 11th grade participate in our internship program to provide a connection between our MicroSociety Program and the Real World. Students learn on the job skills, as well as the necessary knowledge to participate in the transformation of current society.

Career Technical Education Programs

The Chula Vista Learning Community Charter School High School provides courses to prepare students for university life. Advanced Placement courses and Honors courses in content areas serve to enhance student potential and abilities to master university life.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
